1) What are the algorithms used in this project?
DFS、均一コスト探索、最良優先、A*アルゴリズム

2) Describe the algorithms briefly based on your understanding.
DFS
均一コスト探索
最良優先
A*アルゴリズム

3) Explain the meaning of the results obtained by running the completed program.
DFS, 均一コスト探索、最良優先、A*アルゴリズムを使った時の探索順と最終的なコスト

4) Add the algorithm assignment here:
